

**ROME
STRAWBERRY
PATCH™**
and Wild Blueberries, too!

June 10, 2010

Dear Friends,

This is an invitation to the annual wild blueberry prepaid order from Rome Strawberry Patch. The 10-pound box of pesticide-free fresh-frozen blueberries will be ready for pickup on Friday, August 13th in the designated Waterville and Rome locations. Refer to the order form on page 2 for details.

Like most everything else, blueberries have gone up in price this year for us. We are paying substantially more this year than ever before. However, we have increased our price by only \$1.00 per box.

We have always focused on delivering the highest quality berry possible. We are doing some new things this year to ensure that we can deliver on this promise. Do you remember two years ago the fantastic taste of the blueberries we sold? Well, we are returning to that same supplier this year. They are a family farm in Washington County who does an exceptional job of growing and processing the berries. When you open the box you will see the blue haze on the berries and the taste will excite you!

Here are two additional changes that we are making this year to further ensure quality:

- Pesticide Free berries
- Reducing the time between picking up the berries at the freezer plant and getting the berries in your hands. The window of time for you to pick up your berries will be reduced to one hour. Come early the day of delivery and get the berries in your freezer quickly.

You have a choice of picking up our berries at our farm in Rome or the Pine Acres Mall in Oakland. Just complete the order form and return it along with your check to Rome Strawberry Patch by Saturday, August 7th. Please note that the berries will be available two weeks earlier than in the past. Delivery of the berries will be August 13th. Your pickup time will be between 4:30 pm to 5:30 pm.

Additional order forms can be printed from our website shown below. Go in with a friend or relative and save! As always, we look forward to hearing from you.

Sincerely,

Vaughn & Jean
